Dear Masterman Families,

Our **One Book, One Masterman** selection has been made! The book chosen for this school year is Alan Gratz's *Refugee*, a timely novel told in different voices from three troubled times. This book checks off all the boxes on the criteria list Ms. Marranzini and Ms. Avelin compiled. It appeals to both young readers and old; it is easily accessible; and it contains enough material to generate lively discussion. The hope is that our entire school community will read this book and share their thoughts about it with each other as a family, as a class, or as a friend.

Though this book only available in hardback from most sellers, Scholastic has it in paperback. I can order this single title in bulk. The cost of the book is \$5.00, a discounted price. I am taking pre-orders if you wish to purchase *Refugee* from school/Scholastic in paperback at this price. Please fill out the form below and send it with your payment to the library. If possible, please send exact change or checks made payable to Masterman School, Principal. Thank you.

Sincerely,

Bernadette Cooke Kearney  
School Librarian
